Context

This is a compulsory course of the second year of the degree that explores the Microeconomic Analysis of Tourism.

It continues from what was covered by the first-year course (20600) Economic Environment (Entorno Economico)

It is included in the basis and dimensions of tourism, that covers general knowledge on different areas such as economics, law and statistics.

The language of instruction for this course will be English. Students taking this course will learn specific economic /tourism-related vocabulary and develop both their productive and receptive skills in English, and therefore acquire further knowledge of the English language

Requirements

Recommended

In order to follow properly the course, students should have the competencies of the first-year course: (20600) Economic Environment (Entorno Económico)

Skills

Academic year	2017-18
Subject	20513 - Microeconomic Analysis of Tourism
Group	Group 21, 2S, GTUR
Syllabus	C
Language	English

Specific

- * Acquire a comprehensive overview of the tourism phenomenon and understand the relationships between the various subsystems and disciplines that comprise it..
- * Being able to conceptualize patterns, processes, interactions and changes in tourism..

Specific risks and protective measures

The learning activities of this course do not entail specific health or safety risks for the students and therefore no special protective measures are needed.

Student learning assessment

Practical classes

Modality	Practical classes
Technique	Other methods (non-retrievable)
Description	Students must prove their knowledge, acquire the necessary skills and be able to defend their opinions. Solve individual and group exercises
Assessment criteria	<p>Active participation in class: students' intervention on the topics covered in class and consulting any questions related to the subject will be highly valued.</p> <p>Any behavior that is detrimental to other students' learning WILL BE PENALIZED.</p> <p>Active participation in correcting exercises.</p> <p>Extracurricular activities may be added such as seminars, conferences or activities of SAC</p> <p>This section will only be included in the final grade if the weighted average between the final-exam (60%) and mid-term exam (40%) is at least 5.</p>

Final grade percentage: 7%

Final exam

Modality	Assessment
Technique	Objective tests (retrievable)
Description	Final exam. Covering any course content: class explanations, any content of the chapters of the recommended book that have been covered in class, the content of the exercises and practical sessions, as well as the content of any other activity announced through UIBdigital.
Assessment criteria	<p>It will assess the knowledge acquired during the entire course</p> <p>Students must obtain a minimum of 4 out of 10 in this part to pass the course</p>

Final grade percentage: 50%

Mid-Term exam

Modality	Assessment
Technique	Short-answer tests (retrievable)
Description	Assessment of the topics covered until the mid-term exam.
Assessment criteria	Midterm evaluation

Final grade percentage: 35%

Academic year	2017-18
Subject	20513 - Microeconomic Analysis of Tourism
Group	Group 21, 2S, GTUR
Syllabus	C
Language	English

Group or individual self-study

Modality	Group or individual self-study
Technique	Other methods (non-retrievable)
Description	Self-study of the course content Advance preparation of the content of the chapters of the manual to be covered in class. Review the full contents of the chapters of the recommended book that have been covered in class All non-classroom activities that will be described weekly at UIBdigital
Assessment criteria	Delivery of exercises and any other proposed activity on the dates indicated in UIBdigital. This section will only be included in the final grade if the weighted average between the final-exam (60%) and mid-term exam(40%) is at least 5.

Final grade percentage: 8%
